Project Manager / Producer - Freelance

July 24 to present

An ex-colleague recommended me to join a growing in-house creative agency. As an experienced member of a small team, I took initiative to work closely with senior marketers to better understand business challenges and optimise briefs for creative designers and writers.

As a producer, I successfully delivered large-budget brand campaigns including a Waterloo and St Pancras station takeover, wrapped the iMax and briefed, managed and delivered numerous national outdoor campaigns. I also worked with Paramount Studios to deliver branded content for Channel 5 featuring British astronaut Tim Peake and most recently kitted out Wembley for all England friendly internationals.

Out and about

I rarely get to spend time doing anything other than pretending to be a horse, tunnel or trampoline for my two little girls. Given the even rarer opportunity of spending some quality time with my two teenage daughters - yes, I have four girls - I love nothing more than spending hours queuing at cash registers in Zara, Mango, H&M, Bershka, Hollister, Pull&Bear, New Look, Next, Uniqlo, Urban Outfitters, Kiko, Sephora...

When I do get some time out, I love producing and playing music. I'm a try hard runner, was a fairly competitive cyclist having raced all over Europe.

On the odd occasion, I can be found exploring architecture, art galleries and museums in cities around the world and desperately willing myself to relax on beaches from Margate to Malé.
